Article VIII. PERSONAL LIABILITY

- 8.1. No Personal Liability. The Directors and Officers of the corporation shall not be personally liable for any debt, liability or obligation of the corporation. Article IX. PROCEDURAL RULES

- 9.1. The conduct and regulation of affairs of the Association shall be subject to the following Procedural Rules.
- 9.2. Eligibility of Participant Athletes.
- 9.2.1. Every athlete participating in any Championship event, as defined in Section 9.5, and organized by MPSRA:
- a. Shall be eligible under the criteria set by her/his respective public high school.
 - i. Public high school shall hereinafter be defined as a senior public high school representing grades nine (9) through twelve (12), or
 - ii. Whereas a member high school includes middle school grades seven (7) and eight (8), and whereas the student athletes are under the direct “jurisdiction” and “supervision” of the high school principal, a middle school student is eligible to represent a public high school. 1. Jurisdiction shall be defined as the principal must have the authority to discipline or suspend that student from class.
2. Supervision shall be defined as having control and knowledge of the student’s daily attendance and achievement.
 - iii. Whereas a public middle school is under the same superintendent of a member high school but has a different principal, and the middle school principal, vice principal, or athletic director with “jurisdiction” and “supervision” can supply a signed roster to satisfy rules 9.7.1.a and 9.6.1.a for race registration, a middle school student is eligible.
 - iv. Whereas a member high school may have a policy in place which permits charter

school, home educated or vocational school students who live in that member high school district to participate in its interscholastic athletics, only on a team for a sport that is not offered at the charter or vocational school and whereas a charter, home educated or vocational school student is eligible to represent a member public high school if the following conditions are met:

- 1.The member high school or local school committee approves and/or has adopted a policy regarding athletic participation of the charter, home educated or vocational school students on the middle and high school teams.
- 2.The student:
 - a. is formally enrolled in a charter or vocational school that serves middle or high school students and is living with his/her parents or legal guardian(s) in the member high school district family residence; or
 - b. has an educational middle school or high school level plan approved by the public-school Superintendent, principal or his/her designee, and is living with his/her parents or legal guardian(s) in the member high school district family residence.
- 3.The charter or vocational high school principal certifies and is satisfied that the charter or vocational school student meets the standards for athletic participation required for students as defined under its current policies. This includes, but is not limited to, those rules governing academic eligibility, age requirements, and the number of consecutive seasons of athletic ability beyond grade eight.
- 4.The charter or vocational school principal shall communicate with and fully cooperate to provide all requirements to the member high school for eligibility.
- 5.The member high school principal is satisfied that the charter, home educated, or vocational school student meets the standards for athletic participation required for students as defined under its current policies. This includes, but is not limited to, those rules governing academic eligibility, age requirements, and the number of consecutive seasons of athletic ability beyond grade eight.
- 6.If the member high school principal determines that all eligibility standards detailed above have been met, the member high school principal may declare the charter, home educated or vocational school student eligible to participate in MPSRA competition and must certify requirements relative to participating charter, home educated or vocational school students at the same times that all other district student athletes are to be certified as eligible.
- 7.The rights, privileges and responsibilities associated with all other student athletes attending MPSRA member schools will apply to charter, home educated or vocational school students who have satisfied the requirements above.
- 8.The charter school, vocational school or home educating family will not be a member or Participant Program of the MPSRA as defined in Section 9.3. The charter school, vocational school or home educating family has no voting

rights, will not independently field any MPSRA teams, shall have secured all necessary internal approvals to operate in accordance with these policies and shall be approved by the member high school for such participation.

v. Charter school, home educated, and vocational school students are eligible for participation upon meeting the requirements of 9.2.1, above, and will be accepted upon the Participant Program's written submission of the athlete's name, residence and charter, home educated or vocational affiliation to the MPSRA Board Secretary prior to commencement of the first season in which the athlete will compete for the Participant Program.

b. Be a "Junior" as defined by "a competitor who in the current calendar year does not attain the age of 19, or who is and has been continuously enrolled in secondary school (grades 9-12) as a full-time student seeking a diploma. A competitor thus ceases to be a Junior after December 31 of the year of his or her 18th birthday, or of the year in which he or she completes the 12th grade of secondary school, having been a full-time student, whichever is later."

c. Compete only for his/her designated MPSRA Participant Program team during the season of the Championship race and for no other high school or junior teams or clubs whether affiliated or unaffiliated with said MPSRA team. Coxswains may compete for non-junior programs during this time.

d. Athletes are permitted to race as their chosen gender.

9.2.2. Novice rowers and coxswains are athletes from 7th grade up through freshmen year (regardless of experience), or in their first year of rowing. Coxswains may switch to rowers and race for one year as a novice rower and vice-versa. Novice status ends after one calendar year or a consecutive period of one Fall and one Spring season of high school rowing (either Fall-Spring or Spring-Fall).

9.2.3. Sculling events may be entered by crews not affiliated with a Participant Program, subject to the following conditions:

a. All participants within the entry meet the stipulations of 9.2.1.a and 9.2.1.b.

b. All participants are members of the same school system.

c. No current MPSRA team serves said school system during the season in question. d. All participant crews abide by Participant Program rules stated in 9.3 including submission of signed roster and any organizational memberships required by the regatta's insurance. Such membership requirements will be provided by the deadlines set by the Regatta Director. e. Any sculler/sculling boat not affiliated with an MPSRA school must enter under the name of their school. Such boats will be eligible for medals, but be ineligible for team points.

9.2.4. The Fall and Spring regattas will include two separate events for the purpose of allowing middle school athletes the chance to compete at the Fall and Spring Championships. The boys' and girls' middle school coxed quad (4x+) categories will be available to athletes for as long as they remain a student in a middle school (grades 6-8).

9.3. Eligibility of Participant Programs.

9.3.1. Participant Programs must abide by MPSRA team guidelines (see Section 3 below) for all racing throughout the season, but the MPSRA will place no further restrictions on which teams

Participant Programs may compete against, nor which other regattas Participant Programs choose to compete in.

9.3.2. Each Participant Program, Full and Provisional, must meet the following criteria:

- a. Be in accord with the purpose of the MPSRA.
- b. All student-athletes must be eligible to row (see 9.2: Eligibility of Athletes).
- c. Be from a defined area subject to the following:
 - i. The team is defined at time of application and will be reviewed for compliance by the Board.
 - ii. A team may draw from a single school. The name must reflect the school.
 - iii. On approval of the board, a team may be made up of multiple schools in one school district, or two single schools in different school districts. The name must reflect all schools.
 - iv. There can only be one team per school. If there is an MPSRA team representing a school district, an individual school may have its own team in that district as well; students from that individual school would be only eligible to compete for the school team, not the district team.
 - v. In case of conflict, the Board will look to the local school to make a preference known.
 - vi. Each Participant Program must be a bona fide team, with a full racing and practice schedule. While a public high school rowing program can institutionally be a subset of a larger club, note that the public program must have its own organizational memberships (as specified in 9.2.3.d), and no student-athletes from the program's sphere are allowed to compete as members of the larger club during the relevant championship season.
 - vii. A team must be recognized by the school(s) it serves, though this recognition does not require that the team hold varsity status at the school nor that the school participate in running the team. An individual school may recognize only one MPSRA program as its official team. At the time of application for participation, each team must submit a letter from the school's principal(s) or athletic director(s) stating that the program is recognized by the school, and must resubmit a new letter at any time if so requested by the board.
- d. Be a member of any organization required by the regatta's insurance.
- e. All Participant Programs must send a representative from the coaching staff to the annual general meeting. Any program failing to do so for two consecutive years may have its participation revoked for one year.

9.3.3. A program will be eligible for Full Participation status once it has satisfied the following conditions:

- a. the program has competed in at least three events at a single "Championship Regatta," at least one of which is on the 1st Varsity level.
- b. the program has completed at least two consecutive years of Provisional Participation.
- c. the Board has deemed the program compliant with the guidelines of Article III, 9.3.2.

9.3.4. A Program is eligible for Provisional Participation upon meeting the requirements of 9.3.3 and will be accepted by the following process:

- a. The Program will submit a written petition to the Board by December 15 for the spring season (application posted on web site). The petition will include:
 - i. The definition of the area covered by the Program.
 - ii. The contact information for the Head Coach or Program Director.
 - iii. A description of the program, its goals, affiliations, and funding.

- b. New programs must meet with the board to discuss the rules and organization of their public high school team prior to submission of petition.
- c. The Board will review the petition for compliance. If the Program meets all criteria outlined under the Eligibility of Programs, it becomes a Provisional Participant.
- d. In the event that a petition is submitted late, a Program may be allowed participation in the current season's regatta if approved by majority vote of the Board. The Board may not approve participation after the registration deadline for the regatta.
- e. Provisional Participation approved by the Board after the general meeting will allow the team to race in that season's regatta but may not count towards the two years of Provisional Participation requisite for becoming a Full Participant Program.
- f. If there is a conflict with a pre-existing MPSRA program, the Board may recommend a solution, subject to 9.3.2.c guidelines. Conflicts must be resolved before the season is underway.

9.4. Team Management. As a governing league, the MPSRA encourages its Participant Programs to work with the schools to ensure adequate academic preparation time for the student-athletes and to work with the athletes to build discipline and time management skills to aid their development as students as well as competitors. The MPSRA poses no additional limitations on internal team structure (beyond the eligibility criteria described in this document), training, length of season, or coach supervision hours.

9.5. Championship Regattas.

9.5.1. The MPSRA will support one Championship Regatta during each of the spring and fall seasons. The Spring regatta will be held the Sunday after the 4th Saturday in May. The Fall regatta will be held the Sunday of the last weekend in October.

9.5.2. USRowing Rules of Rowing will apply for both regattas unless specified otherwise in these Procedural Rules. All changes to USRowing Rules of Rowing can be over-ruled by the referees officiating at the regatta.

9.6. Spring Championship Regatta.

9.6.1. Registration for the Spring Regatta closes on the Wednesday prior to the Regatta date. At this time, all entries are due online in RegattaCentral. In the event that only one team is entered into an event other than a Middle School event, that event may be cancelled by the Regatta Director at the close of registration. This cancellation is regardless of the number of boats entered by that team. The Regatta Director shall make every effort to move entries from canceled events into open lanes in heats of other events with entries of comparable speed. Late entries will only be accepted at the Regatta Director's discretion up to the Friday prior to the Regatta date and only if they do not affect the number of heats. Additional materials will have the following due dates:

- a. Team Rosters: All teams must submit a roster or rosters stating that all competitors are currently enrolled at that team's school(s). This roster must be signed by a school principal, vice principal, or athletic director. 9.6.2. Sculling and Small Boats.

- a. Small boats: A small boat is defined exclusively as a straight pair (2-). The pair event will be rowed within the Sculling Program (9.6.2.b.), however, the pair will not be included in the sculling team points. A rower in the pair, time permitting, may row again in another sweep event (double row).

(i.e., to enter a 2nd Varsity 8+, a 1st Varsity 8+ must also be entered) The only exception is for a Provisional Participant Program, which will be allowed, but not required, to boat exclusively 2nd Varsity and lower boats during its first year of Provisional participation.

- a. No competitor may row or cox in more than one event, with the exception of small boats and sculling events.
- b. Teams may not enter more than one entry in any one event, with the exception of small boat and sculling events.

9.6.4. Medals will be awarded as follows relative to the number of crews registered the morning of the event. These numbers do not include scratched entries.

- a. 2 boats = 1 medal
- b. 3 boats = 2 medals
- c. 4+ boats = 3 medals

Medals can be picked up by a coach once races are official. Trophies can be picked up by coaches at the conclusion of the race day.

9.7. Fall Championship Regatta.

9.7.1. Registration for the Fall Regatta closes on the Wednesday prior to the Regatta date. At this time, all entries are due online in RegattaCentral. Late entries will only be accepted at the Regatta Director's discretion up to the Friday prior to the Regatta date. Additional materials will have the following due dates:

- a. Team Rosters: All teams must submit a roster or rosters stating that all competitors are currently enrolled at that team's school(s). The only exception is for a Provisional Participant Program, which will be allowed, but not required, to boat exclusively 2nd Varsity and lower boats during its first year of Provisional Participation.

Earned Table A (Sweep Factors)

1 st Varsity	4
2 nd Varsity	3
3 rd Varsity/1 st Novice	2
4 th Varsity**	1

For example, in the Girls' or Boys' 1st Varsity 8+, with 8 entries:

Finishing Position	Factor	Boats Beaten	Number of seats	Total Points

2 nd Place	4	6	9	216
3 rd Place	4	5	9	180
4 th Place	4	4	9	144
5 th Place	4	3	9	108
6 th Place	4	2	9	72
7 th Place	4	1	9	36
8 th Place	4	0	9	0

* Coxswains included

** 4th Varsity 4+s only, based on the principle that a 4th Varsity 4+ is of equivalent level to a 2nd Varsity 8+

In the event of a tie for any of the sweep-oared trophies, the trophy shall be awarded to the drawn team that placed highest in the first varsity event of that category (1st 8+ or 1st 4+, respectively).

In the event of a tie for the overall team trophy, sculling team trophy, or middle school team trophy, the trophy shall be award to the drawn team that achieved their point total with the fewest entries (efficiency).

$$\text{Factor} \times \text{Number of Beaten Boats in Event} = \text{Points Earned}$$

Table B (Sculling Factors)

8x+	20
4x	20
2x	10
1x	5

For example, in the girls' or boys' 4x, with 8 entries:

Finishing Position	Factor	Boats Beaten	Total Points
1 st Place	20	7	140
2 nd Place	20	6	120
3 rd Place	20	5	100
4 th Place	20	4	80
5 th Place	20	3	60
6 th Place	20	2	40
7 th Place	20	1	20
8 th Place	20	0	0

In the event of a tie for any of the sweep-oared trophies, the trophy shall be awarded to the drawn team that placed highest in the first varsity event of that category (1st 8+ or 1st 4+, respectively).

In the event of a tie for the overall team trophy, sculling team trophy, or middle school team trophy, the trophy shall be award to the drawn team that achieved their point total with the fewest entries (efficiency).

Table C (Middle School Factors)

1st 8+	20
1st 4x	20
2nd 8+	10
2nd 4x	10

For example, in the boys' or girls' middle school 2nd 4x, with 8 entries:

Finishing Position	Factor	Boats Beaten	Total Points
1 st	10	7	70
2 nd	10	6	60
3 rd	10	5	50
4 th	10	4	40
5 th	10	3	30
6 th	10	2	20
7 th	10	1	10
8 th	10	0	0

In the event of a tie for any of the sweep-oared trophies, the trophy shall be awarded to the drawn team that placed highest in the first varsity event of that category (1st 8+ or 1st 4+, respectively).

In the event of a tie for the overall team trophy, sculling team trophy, or middle school team trophy, the trophy shall be award to the drawn team that achieved their point total with the fewest entries (efficiency).

APPENDIX C

Sportsmanship

Relative to the Purpose of the MPSRA as outlined in Article II, all Participant Programs are expected to support the growth of the sport throughout the state. The coaches, as educators, should model and encourage appropriate behavior for the youth participating in the league. The MPSRA considers competition to be a venue for development of young athletes' characters, and expects the Participant Programs to follow the guidelines below with the intention of promoting the aims and spirit of the league.

I. Promotion of Public Programs: Each individual program as well as its parent club/organization will respect the integrity of competing MPSRA programs' teams.

II. Boating's

- a. A coach's obligation is to provide for fair racing. We consider that a fair race is one in which each program matches its top athletes to the top athletes from each competitor's program and so on down the line, not necessarily a race in which all participant crews are of similar speed.
- b. It is the coach's responsibility to make sure that the 1st boat is the program's fastest possible boat, that the 2nd boat is the second-fastest boat, 3rd boat is the third-fastest boat, etc. Boating's should be created with the priority of making the higher-level boat as fast as possible.
- c. In cases where a coach cannot decide which athletes make the boat go fastest, he/she is expected to show a good faith effort to do so in racing throughout the season.

III. Conduct of Athletes

- a. Competitors should treat one another with respect. This excludes the following behaviors:
 - i. Harassing, belittling or purposely distracting other crews.
 - ii. Badmouthing rivals.
 - iii. Prolonged vigorous or noisy celebration on the finish line.
- b. Competitors should treat race officials, volunteers and regatta directors with respect.
- c. All athletes will treat the venue with respect.
 - i. Vandalism or destruction of any kind will not be tolerated.
 - ii. There will be no urination on the course.
 - iii. All team areas will be left clean and free of debris at the end of the races.

IV. Conduct of Coaches

- a. Coaches are expected to facilitate fair racing for all crews.
- b. Coaches should make every effort to model appropriate behavior to their crews in all circumstances.

V. Conduct of Spectators

- a. Spectators should follow the same guidelines as athletes with regard to cheering and use of the regatta space.
- b. Grievances should be submitted to the regatta organizer only by the coaches. At no time is it appropriate for a spectator to approach a race official or regatta organizer with a grievance before, during or after the race day.
- c. Spectators must be respectful of other teams' spaces; conflict over space should be resolved with maturity and courtesy.
